

Case Study

Wireless Telephony for "Nikopolis Hotel - Kempinski"

The Customer: Nikopolis Hotel (Kempinski) Thessaloniki/Greece

The Kempinski Hotel Nikopolis Thessaloniki will be the latest 5* deluxe hotel in Thessaloniki, which will open in May 2003, representing the new millennium architectural style. With its unique design and state of art facilities the hotel offers the highest level of services to both business travellers and leisure visitors. This visually stunning property consists of a cluster of low - rise buildings extending over 20,000 sqm of exquisitely landscaped gardens with palm trees and the largest outdoor swimming pool in Greece (1700 sqm).

The needs:

Customer requires to support 16 users with telephony and mobility at the same time. These users should be able to accept incoming and outgoing calls.

The equipment used:

- x KIRK dect-z System 1500
- x base stations-RFP
- x repeaters-WRFP
- x Handsets Z3040

The Results:

The customer needs were covered in an immediate and economical way, providing both telephony and mobility
